

Practical No. 1

1) To Create Account On GitHub

1) Go to web browser and open it <https://github.com/>

Then enter your email & create password

The screenshot shows a mobile browser interface with a dark blue background. At the top, the status bar displays '4G', '14:35', '0.40 KB/s', 'VoLTE', and a battery icon at 30%. The browser address bar shows 'Join GitHub · G...' and 'github.com'. The main content area features a white rounded rectangle with the text 'Welcome to GitHub! Let's begin the adventure'. Below this, there are two input fields: 'Enter your email' with a green checkmark and the email 'shaikhdilshad690@gmail.co', and 'Create a password' with a red arrow and a password strength indicator. A green 'Continue' button is at the bottom of the white box. Below the white box, there is a green bar with the text 'Password is strong' and a paragraph: 'Make sure it's at least 15 characters OR at least 8 characters including a number and a lowercase letter.' At the bottom, there is a paragraph: 'By creating an account, you agree to the [Terms of Service](#). For more information about GitHub's privacy practices, see the [GitHub Privacy Statement](#). We'll occasionally send you account-related emails.'

- 2) Enter your username & click to continue button to verify your account

The screenshot shows a mobile browser interface with a dark blue background. At the top, the status bar displays '4G', '14:37', '0.50 KB/s', 'VoLTE', and a battery icon at 29%. The browser address bar shows 'Join GitHub · G...' and 'github.com'. The main content area is a dark blue card with white text. It starts with 'Welcome to GitHub! Let's begin the adventure'. Below this, it says 'Enter your email' followed by a green checkmark and 'shaikhdilshad690@gmail.co'. Then it says 'Create a password' followed by a green checkmark and '.....'. Next, it says 'Enter a username' followed by a red arrow and 'Dilshad2001'. At the bottom of the card is a green 'Continue' button. Below the card, it says 'Dilshad2001 is available.' and at the very bottom, it says 'By creating an account, you agree to the Terms of Service. For more information about GitHub's privacy practices, see the GitHub Privacy Statement. We'll occasionally send you account-related emails.'

Quick setup — if you've done this kind of thing before

or **HTTPS** **SSH** `https://github.com/Dilshad2001/Assignment.git`

Get started by [creating a new file](#) or [uploading an existing file](#). We recommend every repository include a [README](#), [LICENSE](#), and [.gitignore](#).

...or create a new repository on the command line

```
echo "# Assignment" >> README.md
git init
git add README.md
git commit -m "first commit"
git branch -M main
git remote add origin https://github.com/Dilshad2001/Assignment.git
git push -u origin main
```

...or push an existing repository from the command line

```
git remote add origin https://github.com/Dilshad2001/Assignment.git
git branch -M main
git push -u origin main
```

...or import code from another repository

You can initialize this repository with code from a Subversion, Mercurial, or TFS project.

[Import code](#)

ProTip! Use the URL for this page when adding GitHub as a remote.
